Professional Summary

Over 3 years of proven expertise in full-stack development, cloud services, and DevOps, with 1 year of experience as a Lead Developer managing teams and ensuring code quality. Skilled in VueJS, GoLang, PostgreSQL, and CI/CD pipelines. Proven track record in improving deployment efficiency, database migration, and creating innovative tools to enhance productivity.

Professional Experience

Lead Developer - Orisha Health & Safety, Paris

June 2023 - present

- Planned and distributed tasks for a team of 5 developers, overseeing 350 tickets/year.
- Reviewed code integrity (10-20 merge requests/week) and enhanced security.
- Reduced deployment time by 50% through CI/CD.
- Designed schematics and architecture diagrams for better clarity.
- Made key technical decisions to ensure project scalability and maintainability.

Developer - Orisha Health & Safety, Paris

October 2022 - May 2023

- Set up a REST api in VB and C# with 35 resources.
- Migrated Oracle database to PostgreSQL (35+ tables).
- Developed a faster card reader (20% improvement) using GoLang and VueJS.
- Followed UX/UI conventions to improve usability and user satisfaction.

Junior Developer Intern - Reemo, Paris

2021 - 2022

- Wrote YAML scripts for automatic machine deployment.
- Registered repositories on package managers 'yarn' and 'npm'.
- Gained hands-on experience with Kubernetes and Docker.
- Contributed to the development of various features.

Certifications

Software Engineer - HackerRank: <https://www.hackerrank.com/certificates/A8D3447866351>

Problem Solving - Basic - HackerRank: <https://www.hackerrank.com/certificates/90DF038D4CD6>

C# - Basic - HackerRank: <https://www.hackerrank.com/certificates/ACE146E41EC4>

SQL - Intermediate - HackerRank: <https://www.hackerrank.com/certificates/2B657CD18A51>

GoLang - Basic - HackerRank: <https://www.hackerrank.com/certificates/6B861701E751>

Technical Skills

Programming Languages: VB, C#, C, C++, GoLang, Python, Php, TypeScript, Kotlin, Swift
Frameworks: VueJS, Symfony, Django, ElectronJs, CosmicJs, Bootstrap, Capacitor

Databases: Oracle, PostgreSQL, MariaDB, S3 (AWS)
Cloud: AWS, Scaleway, OVH, Azure, Grafana
Tools: Atlassian (Jira), Git, TFS, Visual Studio, Visual Studio Code, Docker, WSL

Education

October 2019 - June 2022

Bachelor's Degree in **Software Development** - Ecole 89, Ferrières-en-Brie

Languages

French: native

English: Professional proficiency (C1)

La Réunion creole: basic understanding

Interests

Programming, technology, bodybuilding, car, video games, watches
